SUMMARY

CSE student at AIUB with hands-on experience in web development using React.js, Next.js, Node.js, and MongoDB. Skilled in building responsive applications, integrating REST APIs, and optimizing user experiences. Passionate about contributing to real-world projects and collaborating in teams.

SKILLS

- Programming Languages: C++, JavaScript (ES6+), PHP, C#
- Web Development: React.js, Next.js, Node.js, Express, HTML5, CSS3, Tailwind CSS
- Database Management: MySQL, MongoDB, PostgreSQL
- Tools & Others: Git/GitHub, REST APIs, Responsive Design, Component-Based Architecture

EDUCATION

Bachelor of Science in Computer Science and Engineering
American International University-Bangladesh (AIUB), Dhaka
2022 - 2026

PROJECTS

Hotel Room Booking System (Full-Stack) | 2024

- Developed modern, responsive UI with Next.js (App Router) and Tailwind CSS.
- Implemented room management and real-time booking with availability handling.
- Built REST API using Express and MongoDB (Mongoose) for backend integration.
- [Live](https://hotel-room-booking-system-r.onrender.com/): <https://hotel-room-booking-system-r.onrender.com/>

Khushbu React E-commerce (Full-Stack) | 2023

- Built e-commerce web app with React (Vite) and Firebase.
- Implemented product browsing, filtering, cart, and admin panel with product upload and orders.
- Integrated Firebase Auth and React Query for efficient data handling.
- [Live](https://itskhushbu.netlify.app/) : <https://itskhushbu.netlify.app/>

E-commerce Backend | Ongoing 2025

- Developed scalable REST API with Node.js, Express, and MongoDB.
- Implemented JWT-based authentication with role-based access (user/admin).
- Secured with password hashing and middleware for protected routes.
- [Live](https://github.com/MamunUrRashidAIUB/ecommerce-backend) : <https://github.com/MamunUrRashidAIUB/ecommerce-backend>

Perfume Shop | 2023

- Designed a perfume shop website to showcase projects and skills using React.js and Tailwind CSS.
- [Live](https://perfumeshop-frontend.netlify.app/) : <https://perfumeshop-frontend.netlify.app/>
